Remember to follow the 4 Steps & help prevent the spread of COVID-19

#AlliedWithPride

Belfast Trust Supports Pride

Belfast Trust will celebrate Pride 2021 virtually from 1st-8th August 2021.

Belfast Trust are 'Allied with Pride'. Our aim is to create an inclusive environment where all staff and service users can comfortably and confidently be themselves.

The week's celebrations will focus on the recognition and encouragement of staff allyship.

Do you have an Ally/Allies within Belfast Trust?

We would love to hear from you!

Take the opportunity to let us know what their support has meant to you. We will highlight this on our social media channels (anonymously if preferred).

Get in touch: digitalcomms@belfasttrust.hscni.net

STOP THE SPREAD. TAKE THE TEST.

WHY DO THE TEST?

It's quick and easy. It doesn't hurt. It will protect others.

Belfast Trust is rolling out rapid COVID-19 testing for all staff.

LAMP and Lateral flow testing is a way of rapidly tracking and managing confirmed and suspected COVID-19 cases within Belfast Trust.

LAMP TESTING

LA Using the [instruction leaflet](#), samples must be dropped off at designated collection points throughout the Trust. This will be initially rolled to staff at the Children's Hospital, Royal Jubilee, Royal ICU and Muckamore. If you work at any of these locations, please [click here to register](#).

LATERAL FLOW TESTING

You should do a rapid test twice a week (every 3 to 4 days) to check if you have the virus. If people test positive and self-isolate, it helps stop the virus spreading. Speak to your manager about getting a lateral flow testing kit, or you can order a testing kit [here](#).

For more information and guidance on how to use your Lateral Flow Test kit, please visit the [Public Health Agency website](#).

Read all the relevant information on LAMP and Lateral Flow Testing [here](#).

For further information contact the Occupational Health COVID-19 Advice Line on 028 9615 7222 or email OHS-Optigene@belfasttrust.hscni.net.
