Ita Magill

Nurse Practitioner

Ita, with her Dermatology ICAT's Team colleagues, has been successfully delivering Video Consultations for two months. These consultations are for urgent new Dermatology patients referred from primary care GPs for assessment and treatment of chronic skin conditions.

Paula Scullin

Medical Oncologist

Paula has been using Video Consultations for the past number of months to assess patients with lung cancer who are on chemotherapy and on follow-up to minimise their Covid risk.

Fionnuala Sayers

Clinical Specialist Physiotherapist

With the Haemophilia Teams at Belfast City Hospital and the Royal Belfast Hospital for Sick Children, Fionnuala has been using Video Consultations for the past year to ensure ongoing service delivery and facilitate communication between the Multidisciplinary & Physiotherapy Teams.

Shane McKee (Event Chair)

Consultant in Genetic Medicine & Chief Clinical Information Officer

Shane has been using Video Consultations since the start of the Pandemic to assess and manage patients with the full range of genetic disorders from paediatrics to adults, in inpatient and outpatient settings.
